

Qn	Answer	Solution
1	C	Option A: J s^{-1} is a unit of power. Option B: kW is 1000 W, is a unit of power. Option C: kWh is the amount of energy used when a power of 1000 W is used for 1 hr. So kWh is not a unit of power. Option D: kJ min^{-1} is 1000 J per min, is a unit of power.
2	A	$V_{\text{total}} = V_1 + V_2$
